TROLL OF THE MONTH :

Name: Stefan 'Chief Ober Boss' Pfuhler
Position: Da Boss
Which GW character are you most like and why?: Nork Deddog - becasuse he is very clever
What Armies do you play?: Empire, Orcs, Chaos, Imperial Guard, Orks (40K & Epic)
Describe yourself in one paragraph:
Achtung! Achtung! Schnell! Schnell!
Give us your best painting tip!:
A quick way to paint horses is to undercoat them white and just use washes (Black, Brown, Chestnut or Flesh). This also works with wolves and Boars.
What's the best tactical advice you can offer?:
Make your regiments as big as possible! 5 bowmen do not have much effect but 20 do!
What's your best advice for life?: To try means nothing - Do or Do Not.
The pizza topping in Heaven?: Salami and Red Pepper.

Here at Mail Order we've been running an Epic Warhammer 40,000 campaign for several months. 10 armies are all struggling for control of Planet Lenton, a one-time peaceful world whose human inhabitants have been rudely awakened to the horrors of war in the 41st millenium. We'll keep you up to date on how the campaign progresses....

Two Trolls enjoy a game of Epic Warhammer 40,000
